INTRODUCTION

Happiness in wedding is objective every married couple . _ According to Constitution Representative No. 1 of 1974 stated that marriage is bond born inner between a man and one woman as husband wife with objective form family (home stairs) that is happy and everlasting based on Almighty God .

Whole family _ is yearning every partner husband wife . For achieve and create family yearning the needed Work The same from whole member family . Work same good _ must started since second partner the married . Constraint in communicate can cause marriage and family No harmonious like , is strife between husband and wife .

Problems marriage and family very much from small _ up to the big . Than just quarrel small until to divorce and collapse life House staircase leading _ emergence of "broken homes" . the

cause Can happen from error beginning formation House stairs , in earlier times marriage , can also appear at times wade ark life home stairs . In other words there is Lots causative factor _ marriage and coaching life House ladder That No Good in accordance with what is expected .

In order for individuals own mental and physical preparation or material in level wedding and family order (home ladder) have preparation Power hold strong _ in face problems from internal and external influences external . So need exists guidance premarital before carry out marriage to find out life wedding later and prepare self For life House ladder later .

coaching for candidate bride (catin) constitutes something validity wedding from concern government , p This in accordance with Regulation Director General Islamic Community Guidance Department of Religion Number : Dj.II /491 of 2009 concerning course prospective bride. 11 One content grain Regulation the Article 1 paragraph 2 is “ course candidate next bride _ called with suscatin is gift stock knowledge , understanding and skills in time short to paint about life House household /family”. 12 And now has stipulated by the Suscatin Ministry of Religion This official change with guidance pre-wedding in 2014 .

It takes guidance premarital because need everyone will _ knowledge specifically about marriage and family . Every people who will Married have curiosity and want know about wedding and way form family happy as dreamed _ everyone , then guidance premarital present For Cure curiosity _ everyone about _ wedding and describe life House stairs to be passed later . There's been a mistake some people about method treat partner after married , according some of those people only part small can _ ignored but matter small That if done continuously so will fatal for _ life House stairs .

The amount partner husband neglectful wife _ instructions guidance premarital even No follow guidance premarital , presumed be one _ contributor height number divorce . Because of a partner husband wife This most Not yet understand material about morals , rights and obligations husband or wife and others who become material must at each guidance premarital . Although different people are different result , it should For all candidate bride or teenagers who want know about wedding follow guidance premarital This For stock in undergo ark House the stairs later .

1. Clarifying the researcher 's data get in the field

2. Data that has been collected served especially formerly before interesting conclusion .

3. Attractive conclusion from existing data collected and those that have served will understood with deepen For interesting conclusion .

F. Data analysis techniques

After all data has collected , step next is do data analysis , technique data analysis is something very important in the process of collecting data from beginning until end research . So that can found to be accurate or as desired by the author .

RESULTS AND DISCUSSION

Implementation guidance Pre Marriage has positive goals that mean _ For help candidate bride get proper supplies _ For build House stairs . With do guidance pre- marital candidate partner bride expected will more Ready in wade big dipper House stairs . KUA Kec . Blang Mangat Lhokseumawe City be one _ place For implemented guidance pre marriage for candidate bride before took place wedding .

Points important For can equip life home ladder for candidate partner bride that is priority Marry besides For perfect half from worship to Allah SWT also exists a number of priority Marry other , that is can intertwine Work The same between husband and wife , life after Marry require husband and wife cooperate in various type matter start from educate children , search blessing in the way of Allah, worship and so on .

District Office of Religious Affairs Blang Mangat, City of Lhokseumawe also gave guidance pre -marital against candidate the bride to be stage wedding given material about rights and obligations husband wife , as for right obligation husband must _ wife filled _ among others: Obeyed in things that don't evil , wife guard himself own and property husband , distance self from interfere something that can troublesome husband , no face sour in front of husband , no show circumstances that are not liked husband , wife must do Good to parents _ husband , wife must decorate and beautify himself For husband , and wife No can hurt her husband Good in words nor despicable act . _

Whereas rights wife must _ husband fulfilled _ including : rights about treasure that is dowry or dowry and maintenance , rights _ get good treatment _ from husband , so husband maintain and maintain his wife . It means guard honor wife , no waste it , so always carry out God's command and stop all the ban .

Family sakinah is family that everyone wants and dreams of , because through family sakinah This will give birth to generation qualified , faithful and devoted successors _ as well as have character glorious . Based family _ with religion of course will build harmony family in the middle _ life society . However For realize wishes and dreams That no easy and light thing , but rather must have great determination and desire _ _ _ as well as high sacrifice in order to be able to withhold waves and storms that hit House stairs .

In realize stability candidate bride For form happy family _ so candidate bride must know guidance How method form happy family _ according to the Islamic religion short can put forward necessary effort _ taken To use realize family sakinah that is realize harmonization connection between husband and wife with own attitude each other drying , mutual accept weakness , mutual adapt self , each other forgive and carry out discussion If happen needed problem _ solution or solving problem , as well build connection religious in family for example do pray five times and get used to it Salat get used to it , get used to it say greetings and answer it , if happen dispute between husband wife quick take ablution water and worship , so gift material family sakinah can made as one _ form prevention divorce between husband and wife .

OBSTACLES OF IMPLEMENTING PRE-MARRIAGE GUIDANCE FOR PROSPECTIVE BRIDES AT THE OFFICE OF RELIGIOUS AFFAIRS (KUA) BLANG MANGAT

Following a number of obstacle implementation guidance pre -marital against candidate bride and groom at the Office of Religious Affairs (KUA) Blang Mangat, Lhokseumawe City among others:

1. Busy candidate bride , candidate bride usually No Can follow guidance premarital Because clash with timetable Work them , as well they No get paid leave from place they work . Bride and Groom often consider that guidance premarital is activities that are not important so that they more attach importance work they than activity guidance premarital .
2. Level higher education _ cause candidate bride behave more know what was said by the speaker so that they ignore activity guidance premarital .
3. Low understanding convert to Islam from what Allah SWT commanded , will bring in a wrong direction or not get convenience in intertwine harmonious relationship , because _ Still Lots candidate unmarried bride _ know respective rights and obligations as well duties and responsibilities answer as husband and wife and as parents .
4. Fear candidate bride , yes outstanding issues _ to candidates ' ears bride that they must read Quran and when No Can read Al-Qur'an so wedding canceled . Attitude like This make candidate bride Afraid For present in guidance premarital So the District KUA Blang Mangat Lhokseumawe City give socialization through assembly taklim , Gampong priests and the community that material guidance premarital is something that is not difficult and not For cancel wedding if candidate bride No Can read the Koran .
5. No all candidate partner husband and wife own strong commitment , so _ show up various problems encountered _ as well as lack of trust for each pair .

CONCLUSION

In implementation guidance pre -marital against candidate the wedding which was carried out by the KUA Blang Mangat, Lhokseumawe City considered very effective for the purpose For help candidate bride get proper supplies _ in build House stairs . Guidance pre-marital practice at the Blang Mangat Office of Religious Affairs (KUA), Lhokseumawe City divided become four , namely : give material about Constitution marriage , give material about prayer For candidate bride , give material about family sakinah and give material about rights and obligations as husband wife .

Obstacle Implementation Guidance Pre -Marriage Against Bride- to -be at the Office of Religious Affairs (KUA) Blang Mangat.

- a. Busy candidate bride , candidate bride usually No Can follow guidance premarital Because clash with timetable Work them , as well they No get paid leave from place they work . Bride and Groom often consider that guidance premarital is activities that are not important so that they more attach importance work they than activity guidance premarital .
- b. level higher education _ cause candidate bride behave more know what was said by the speaker so that they ignore activity guidance premarital .
- c. The low understanding convert to Islam from what Allah SWT commanded , will bring in a wrong direction or not get convenience in intertwine harmonious relationship , because _ Still Lots candidate unmarried bride _ know respective rights and obligations as well duties and responsibilities answer as husband and wife and as parents .
- d. Afraid candidate bride , yes outstanding issues _ to candidates ' ears bride that they must read Quran and when No Can read Al-Qur'an so wedding canceled . Attitude like This make candidate bride Afraid For present in guidance premarital So the District KUA Blang Mangat Lhokseumawe City give socialization through assembly taklim , Gampong priests and the community that

material guidance premarital is something that is not difficult and not For cancel wedding if candidate bride No Can read the Koran .

e. No all candidate partner husband and wife own strong commitment , so _ show up various problems encountered _ as well as lack of trust for each pair .
